**Regarding the Recommendation Report by Institutional Shareholder Services Inc. (ISS) on  
the Proposals for the 84th Ordinary General Meeting of Shareholders**

We confirm that Institutional Shareholder Services Inc. (“ISS”), a proxy advisory firm, has issued a report regarding the proposals for our 84th Ordinary General Meeting of Shareholders, scheduled for June 25, 2025. In this report, ISS recommends voting in favor of all Company proposals, including the election of seven directors (excluding directors who are Audit & Supervisory Committee members) and the election of four directors who are Audit & Supervisory Committee members, and against all director election proposals submitted by the proposing shareholders.

As ISS’s recommendations regarding all proposals are fully consistent with the views of our Board of Directors, we believe this reflects their full support for the Board’s approach toward advancing reforms.

We are steadily advancing reforms to promote respect for human rights, strengthen governance, and enhance compliance. We are also making solid progress toward achieving the specific numerical targets set forth in our new group management policy, the “Reform Action Plan,” with the aim of further enhancing corporate value. We will continue striving to be a company trusted by all our stakeholders—including viewers, users, advertisers, shareholders, and investors—and to contribute to society.

We kindly ask our shareholders to refer to the convocation notice and would appreciate your understanding and support for the views of our Board of Directors as we pursue these reforms.

Please refer to the following dedicated website for more details regarding our management reforms.
